

ANNUAL TRAIL RIDE

To Benefit

St. Jude Children's Research Hospital

SATURDAY, SEPTEMBER 20, 2025

Trail will be marked; you may ride out anytime after 9 AM

This year's ride is again dedicated in memory of a longtime BHA member, Charles "Chick" Skinner. Chick was an avid supporter of St. Jude's Hospital; this fundraiser was our largest over many years. Let's keep up the great work and have an equally great time!

Anyone who wishes may ride again in the afternoon!

St. Jude Children's Research Hospital was founded by actor Danny Thomas to treat children with cancer and devastating diseases and to specialize in research into the causes and treatments of these illnesses. Patients receive treatment at no cost to the family beyond the amount of their insurance.

Over the past 15 years BHA has sent more than \$40,000 to St. Jude's. Let's maintain our track record --- we have much to be thankful for!

Pledge forms will be available at the Secretary & Food stands or you may call Betty (315-725-0767) to obtain your pledge form. Obtain pledges from your fiends & family and then come and enjoy the day with us while we help some very special children!
